

and so that it can be adequately cleaned, washed, and disinfected.

(iii) Provision must be made for disposal of fish carcasses, shipping water, effluent, waste, and any associated shipping materials in a manner that will prevent dissemination of disease.

(iv) Provision must be made for adequate sources of feed and water and for attendants for the care and feeding of fish in the facility.

(v) The holding facility must comply with all applicable local, State, and Federal requirements for environmental quality.

(vi) The holding facility must comply with any additional requirements that the Administrator may impose on a particular shipment in order to prevent the dissemination of disease.

(g) Other provisions of this subpart relating to the importation of live VHS-regulated fish shall not apply to fish moved into the United States from VHS-regulated regions during catch-and-release fishing.

§ 93.911 Ports designated for the importation of live VHS-regulated fish species.

(a) Live VHS-regulated fish from VHS-regulated regions may be imported into the United States without an import permit through the following Canadian border ports: Eastport, ID; Houlton and Jackman, ME; Detroit, Port Huron, and Sault Ste. Marie, MI; Baudette, MN; Opheim, Raymond, and Sweetgrass, MT; Alexandria Bay, Buffalo, and Champlain, NY; Dunseith, Pembina, and Portal, ND; Derby Line and Highgate Springs, VT; and Oroville and Sumas, WA.

(b) Live VHS-regulated fish may be imported into the United States with an import permit through the following ports: Anchorage, AK; Los Angeles and San Francisco, CA; Miami and Tampa, FL; Atlanta, GA; Honolulu, HI; Chicago, IL; Boston, MA; Newark, NJ; Jamaica and Newburgh, NY; Portland, OR; Memphis, TN; Dallas-Ft. Worth, TX; Seattle, WA; and San Juan, PR.

(c) *Designation of other ports.* Other ports may be designated by the Administrator in specific cases with the concurrence of the Secretary of the Department of Homeland Security.

§ 93.912 Import permits.

(a) Live VHS-regulated fish imported from VHS-regulated regions through a limited port as described in § 93.911(b) must be accompanied by an import permit issued by APHIS and must be imported within 30 days of the proposed arrival date stated in the import permit.

(b) An application for an import permit must be submitted for each shipment of live VHS-regulated fish to the Animal and Plant Health Inspection Service, Veterinary Services, National Center for Import and Export, 4700 River Road Unit 38, Riverdale, MD 20737-1231. Application forms for import permits may be obtained from this address. Applications may also be obtained from the following APHIS Web site: <http://www.aphis.usda.gov/vs/mcie/pdf/vs17-129.pdf>.

(c) A completed application must include the following information:

(1) The name and address of the person intending to export live VHS-regulated fish to the United States;

(2) The proposed date of shipment to the United States;

(3) The name and address of the person intending to import live VHS-regulated fish into the United States;

(4) The species and number of live VHS-regulated fish to be imported into the United States;

(5) The purpose of the importation;

(6) The port of embarkation;

(7) The mode of transportation;

(8) The route of travel, including all carrier stops en route;

(9) The port of entry in the United States;

(10) The proposed date of arrival in the United States; and

(11) The name and address of the person to whom the live VHS-regulated fish will be delivered in the United States.

(d) If APHIS determines that the live VHS-regulated fish from VHS-regulated regions are eligible for importation, APHIS will issue an import permit indicating the applicable conditions for importation. An import permit does not guarantee that any live VHS-regulated fish will be allowed entry into the United States; the VHS-regulated fish will be allowed to enter the United States only if they meet all
